5:270 Employment At-Will, Compensation, and Assignment

Employment At-Will

Unless otherwise specifically provided, District employment is at-will, meaning that employment may be terminated by the District or employee at any time for any reason, other than a reason prohibited by law, or no reason at all. Nothing in School Board policy is intended or should be construed as altering the employment at-will relationship.

Exceptions to employment at-will may include employees who are employed annually, have an employment contract, or are otherwise granted a legitimate interest in continued employment. The Superintendent is authorized to make exceptions to employing nonlicensed employees at-will but shall maintain a record of positions or employees who are not at-will.

Compensation

The Board will determine salary and wages for educational support personnel. Increments are dependent on evidence of continuing satisfactory performance. An employee covered by the overtime provisions in State or federal law shall not work overtime without the prior authorization from the employee's immediate supervisor. Educational support personnel are paid every 2 weeks.

Assignment

The Superintendent is authorized to make assignments and transfers of educational support personnel.

5:280 Duties and Qualifications

All support staff: (1) must meet qualifications specified in job descriptions, (2) must be able to perform the essential tasks listed and/or assigned, and (3) are subject to School Board policies as they may be changed from time to time at the Board's sole discretion.

Paraprofessionals

Paraprofessionals provide supervised instructional support. Service as a paraprofessional requires an educator license with stipulations endorsed for a paraprofessional educator unless a specific exemption is authorized by the Illinois State Board of Education (ISBE).

Individuals with only non-instructional duties (e.g., providing technical support for computers, providing personal care services, or performing clerical duties) are not paraprofessionals, and the requirements in this section do not apply. In addition, individuals completing their clinical experiences and/or student teaching do not need to comply with this section, provided their service otherwise complies with ISBE rules.

Noncertificated and Unlicensed Personnel Working with Students and Performing Non-Instructional Duties

Noncertificated and unlicensed personnel performing non-instructional duties may be used:

1. For supervising study halls, long-distance teaching reception areas used incident to instructional programs transmitted by electronic media (e.g., computers, video, and audio) detention and discipline areas, and school-sponsored extracurricular activities;
2. As supervisors, chaperones, or sponsors for non-academic school activities; or
3. For non-teaching duties not requiring instructional judgment or student evaluation.

Nothing in this policy prevents a noncertificated person from serving as a guest lecturer or resource person under a certificated teacher's direction and with the administration's approval.

Coaches and Athletic Trainers

Athletic coaches and trainers shall have the qualifications required by any association in which the School District maintains a membership. Regardless of whether the athletic activity is governed by an association, the Superintendent or designee shall ensure that each athletic coach: (1) is knowledgeable regarding coaching principles, (2) has first aid training, and (3) is a trained Automated External Defibrillator user according to rules adopted by the Illinois Department of Public Health. Anyone performing athletic training services shall be licensed under the Illinois Athletic Trainers Practice Act, be an athletic trainer aide performing care activities under the on-site supervision of a licensed athletic trainer, or otherwise be qualified to perform athletic trainer activities under State law.

Bus Drivers

All school bus drivers must have a valid school bus driver permit. The Superintendent or designee shall inform the Illinois Secretary of State, within 30 days of being informed by a school bus driver, that the bus driver permit holder has been called to active duty. New bus drivers and bus drivers who are returning from a lapse in their employment are subject to the requirements contained in Board policy 5:30, *Hiring Process and Criteria* and Board policy 5:285, *Drug and Alcohol Testing for School Bus and Commercial Vehicle Drivers*.

The Superintendent or designee manage a program to implement federal and State law defining the circumstances and procedures for the testing.

5:290 Employment Termination and Suspensions

Resignation and Retirement

An employee is requested to provide 2 weeks' notice of a resignation. In most cases, resigning employees are permitted to work to their effective resignation date. A resignation notice cannot be revoked once given without approval of the majority of the Board. An employee planning to retire should notify his or her supervisor at least 2 months before the retirement date. A copy of the resignation should be given to the Superintendent.

Non-RIF Dismissal

The District may terminate an at-will employee at any time for any or no reason, but not for a reason prohibited by State or federal law. The Superintendent or supervisor may recommend an employee's discharge subject to the Board of Education's approval.

The Superintendent is responsible for making dismissal recommendations to the School Board consistent with the Board's goal of having a highly qualified, high performing staff.

Reduction In Force and Recall

This section is applicable whenever the Board decides to decrease the number of educational support personnel or to discontinue some particular type of educational support service and, as a result of that action, an educational support employee is removed, dismissed, or his or her hours are reduced.

The Board shall use a seniority list to determine the order of dismissal or removal. The seniority list, categorized by positions, shows the length of continuing service of each full-time educational support employee. The employee with the shorter length of continuing service within the respective category of position shall be dismissed first.

Except as provided below, written notice will be given to the employee by certified mail, return receipt requested, at least 30 days before the employee is removed or dismissed, or his or her hours are reduced, together with a statement of honorable dismissal and the reason therefore if applicable. The prior written notice will be extended to at least 90 days if the lay-off is due to the District entering into a contract with a third party for non-instructional services. The prior written notice will be shortened to at least 5 days before an employee's hours are reduced as a result of an unforeseen reduction in the student population.

Any vacancies for the following school term or within one calendar year from the beginning of the following school term, shall be offered to the employees so removed or dismissed from that category or any other category of position provided they are qualified to hold such positions.

Final Paycheck

A terminating employee's final paycheck will be adjusted for any unused, earned vacation credit. Employees are paid for all earned vacation. Terminating employees will receive their final pay on the next regular payday following the date of termination, except that an employee dismissed due to a reduction in force shall receive his or her final paycheck on or before the next regular pay date following the last day of employment.

Suspension

Except as provided below, the Superintendent is authorized to suspend an employee without pay as a disciplinary measure, during an investigation into allegations of misconduct, or pending a dismissal hearing whenever, in the Superintendent's judgment, the employee's presence is detrimental to the District. A disciplinary suspension shall be with pay (1) when the employee is exempt from the overtime provisions of the federal wage and hour laws, or (2) until an employee with an employment contract for a definite term is provided a notice and hearing according to the suspension policy for professional employees.

Any criminal conviction resulting from the investigation or allegations shall require the employee to repay to the District all compensation and the value of all benefits received by the employee during the suspension. The Superintendent will notify the employee of this requirement when the employee is suspended.

5:300 Schedules and Employment Year

The Superintendent shall supervise a process for setting work schedules and an employment year for educational support employees in accordance with State and federal law, Board policy, and applicable agreements and shall:

1. Assign each employee one supervisor who will establish a work schedule, including breaks, as required by building or District needs, work load, and the efficient management of human resources;
2. Allow for the ability to respond to changing circumstances by altering work schedules as needed; and
3. Consider the well-being of the employee. The Superintendent's approval is required to establish a flexible work schedule or job-sharing.

Salary

The employee's wages and/or salaries shall be established by the Board of Education.

Employees paid on an hourly basis are not allowed to work beyond their scheduled hours without prior approval from the building administrator. Compensation at a time and one-half rate will be paid for all hours over 40 hours per week or upon the authorization of the Superintendent. They may utilize compensatory time per Board policy [5.310](#).

Upon recommendation of the Superintendent, full and part-time staff will be eligible for an hourly increase if they worked a minimum of 100 days during the previous school year. Those staff working less than 100 days will be eligible to receive the new starting employee hourly rate, if that rate is higher than their current employee rate, or a rate recommended by the Superintendent. All rate increases must be approved by the Board of Education and are effective the beginning of the school year.

Deferred compensation is when the school district provides ten month employees a choice to have their pay divided over 12 months.

In FY 2008, ten month non-certified employees were given an option to receive their earnings when they earned them or divided over 12 months. If this option continues, those employees will have to pay an additional 20% excise tax on the earnings that were deferred. Refer to example below:

Employee earns \$18,000 for the ten months they work in the 2008-09 school year. If they have their earnings paid over the ten months, they would earn approximately \$1,800 per month. From September to December they would earn approximately \$7,200. If they would choose to have this paid over 12 months they would be paid approximately \$1,500 per month for a total of \$6,000. This would be deferring approximately \$1,200 in 2008. The school district would be required to impose a 20% excise tax, approximately \$240 on their 2008 taxes.

As an employee, you do not want to pay a 20% excise tax nor does the district want the filing requirements of deferred compensation. In order for the school district to be exempt from Section 409A deferred compensation requirements, we cannot give payroll election options. Starting with July 1, 2008 all full-time non-certified will be paid over 12 months and all part-time non-certified will be paid per days worked in the pay period (per time card).

The following job descriptions/categories that will be paid over 12 months are:

Administrative Assistant	Full-time Secretary Assistant
Full-time Secretary	Full-time Maintenance
Secretary Bookkeeper	Maintenance Director
Business Manager	Technology Specialist

Assistant Maintenance Director
Manager Director

5:310 Compensatory Time-Off

This policy governs the use of compensatory time-off by employees who: (1) are covered by the overtime provisions of the Fair Labor Standards Act, 29 U.S.C. §201 *et seq.*, and (2) are not represented by an exclusive bargaining representative.

Employees may be given 1-1/2 hours of compensatory time-off in lieu of cash payment for each hour of overtime worked. Other than as provided below, at no time may an employee's accumulated compensatory time-off exceed 240 hours, which represents compensation for 160 hours of overtime. An employee whose work regularly includes public safety, emergency response, or seasonal activities may accumulate a maximum of 480 hours of compensatory time, which represents compensation for 320 hours of overtime. If an employee accrues the maximum number of compensatory time-off hours, the employee: (1) is paid for any additional overtime hours worked, at the rate of one and one-half times the employee's regular hourly rate of pay, and (2) does not accumulate compensatory time-off until the employee uses an equal amount of accrued time-off.

An employee who has accrued compensatory time-off shall be permitted to use such time in at least half-day components provided such requests do not unduly disrupt the District's operations. The employee's supervisor must approve a request to use compensatory time-off.

Upon termination of employment, an employee will be paid for unused compensatory time at the higher of:

1. The average regular rate received by such employee during the last three years of employment; or
2. The final regular rate received by such employee.

Compensatory time-off is time during which the employee is not working and is, therefore, not counted as "hours worked" for purposes of overtime compensation.

Implementation

The Superintendent or designee shall implement this policy in accordance with the FLSA. In the event of a conflict between the policy and the FLSA, the latter shall control.

The results of this evaluation may be considered in determining recommendations for continued employment and the conditions of that employment.

Supervisors shall provide a copy of the completed evaluation to the employee and shall provide an opportunity to discuss it. The original should be signed by the employee and filed with the Superintendent.

As appropriate, supervisors should discuss job performance issues that require attention with employees.

Such days may be used at any time within the 12-month period following the birth of the child. Intervening periods of non-working days or school not being in session, such as breaks and holidays, do not count towards the 30 working school days. As a condition of paying sick leave beyond the 30 working school days, the Board or the Superintendent may require medical certification.

For purposes of adoption, placement for adoption, or acceptance of a child in need of foster care, paid sick leave may be used for reasons related to the formal adoption or the formal foster care process prior to taking custody of the child or accepting the child in need of foster care, and for taking custody of the child or accepting the child in need of foster care. Such leave is limited to 30 days, unless a longer leave is provided in an applicable collective bargaining agreement, and need not be used consecutively once the formal adoption or foster care process is underway. The Board or Superintendent may require that the employee provide evidence that the formal adoption or foster care process is underway.

All new employees will have a 90 day probation period and will not be eligible for sick days, holiday pay, or vacation pay until after the probation period.

The district shall award the following bonus per semester to staff members who have two or less absences per semester. An absence of more than 1/3 of an employee's regular day will count as one absence. To be eligible for the bonus, an employee must work a minimum of 20 hours per week. \$50.00 per semester for employees who work 20-30 hours per week.

2. Personal leave may not be used in increments of less than one-half day.
3. Personal leave may not be used when the employee's absence would create an undue hardship.
4. If all personal days have been applied for and approved by the administration, one (1) sick day may be used for emergency and bereavement.
5. Personal leave days may accumulate to a maximum of four (4) days that can be used in one year.
6. The limit for unused sick day accumulation is up to 240 sick days.
