

PROGRESS REPORT

The work begins! The planning, designing and building of the new Hononegah Community High School is now underway; it's an exciting time for all of us and because this would not be possible without our communities, we want to keep you informed and up-to-date on the construction progress.

Visit this section of the website and follow us on Facebook for periodic updates and information as the new Fieldhouse takes shape. Currently, here is what is happening:

- Over the next several months, the District will begin selling bonds.
- Schematic design for the fieldhouse is underway. The Board of Education is working to approve the overall design.
- Design phases are being developed. The Board is also working to approve these phases.
- Once the schematic design and design phases are completed and approved, construction bids will begin and awarded for each component of the project.
- Once construction bids are approved, demo of the site and construction of the new building will begin.
- The anticipated opening date for the new structure is Fall, 2019.

This is an exciting time for Hononegah Community High School District. Please join us as we **Build Our Future**. Remember to visit the website Fieldhouse/Progress Report section and our Facebook page often for updates, pictures and information as it becomes available.
