VOLLEYBALL FRENZY

VOLLEYBALL LEAGUE

Ages 10-16 (5th – 10th Grade)

In our semi-competitive league, players will compete against each other in a team format. The goal of the league is to have players form a bond through their team play and knowledge of the game. This league is designed not only to help young athletes learn the fundamentals and skills of the sport but to also have fun doing it! Players will be placed on a team that best fits their skill level. Players who show a higher skill level may be moved up an age bracket.
